IDENTIFICATION	
JOB TITLE	Project Officer – Sanitation and Hygiene
REPORTING TO	Project Manager
DEPARTMENT/UNIT	Population Health and Environment
DURATION OF CONTRACT	Two Years (Renewable)
DUTY STATION	Turkana County, Kenya
<i>Qualified residents from Turkana County are highly encouraged to apply</i>	

Amref Health Africa was founded in 1957 and has since grown to become the largest African-based international health development organisation; currently implementing more than 180 programs, reaching more than 40 million people across 35 African countries; and a staff complement of over 2,000. Headquartered in Nairobi, Kenya, Amref Health Africa has offices in ten countries in Africa – Burkina Faso, Ethiopia, Guinea (Conakry), Kenya, Malawi, Senegal, South Sudan, Tanzania, Uganda and Zambia. An additional eleven advocacy and fundraising offices are located in Europe and North America.

Amref Health Africa is driven by its vision of ***'Lasting health change in Africa'*** and its mission ***'To catalyze and drive community-led and people-centred health systems while addressing social determinants of health'***. We believe that the power to transform Africa's health lies within its communities, and therefore strive to ensure that health systems are not only functional but that communities are empowered to hold these systems accountable for the delivery of quality and affordable health care.

ABOUT THE SIWA PROJECT

To be implemented in Turkana, the project will provide support to the transition process towards GOK-led basic social services in water. In consultation with the county water department, the project will be implemented for 3 years from July 2024 to June 2027 in order to increase access to safe and affordable water and sanitation for communities, public primary schools, and/or health facilities through solarized boreholes (new & rehabilitated); sand dams; water purification & treatment; & sanitation, and hygiene promotion. This project was co-created with the Turkana County water department and will support a stepwise transition towards increasing County government responsibility for provision of WASH service to refugees and host communities in Turkana.

ABOUT THE ROLE

The Project Officer – Sanitation and Hygiene is expected to provide consistent and high-quality technical support in relation to sustained WASH access and behaviors. The position involves liaising with local authorities, communities, and other agencies regularly to ensure effective implementation of activities as well as participate in WASH-related forums. As part of the assignment the position holder is expected to identify, design and develop/adopt communication approaches, manuals and materials on appropriate water, sanitation and hygiene promotion, health promotion and disease prevention, and support in project surveys and need assessments. S/he is expected to coordinate training and monitoring of Community Health Workers, Community Health Extension Workers and

hygiene promoters with frequent trips to the project sites to organize promotion activities, collect data and statistics concerning issues that relates with WASH BCC and provide periodic progress updates. The position holder will be based in Turkana.
